Poem

Has the Nature become so much angry?
Unless why does the flood show utmost fury?
Is it the result of competing with divine?
for there stands along only a shrine.

By flood the wrath of God has unleashed
and have all his creations become perished?
Can't he see his child's suffering and tears?
Or has he intentionally shut his ears?

Before you we look vulnerable as a toy
and then flood comes to spoil our joy.
water is everywhere but only for sinking;
thirsty we are but no water for drinking.

Where once many a people happily dwell,
now fills with corpses which begin to swell.
One can hear the moaning of unblossomed flowers
Which are going to die due to heavy showers.

Become bedridden for nothing to eat,
Where to stand even when no place to sit.
Only the sun can solve this but will it rise?
Or have the dark clouds reduced its size?

Don't blame the river telling it treacherous?
Is it the human being far more dangerous?
With many souls flood has departed
And left the message for us to be united.
